Exposure category	1200

Technical Drawing

Features and Benefits

Authentic timber look exterior

The sash sits flush within the frame, replicating traditional timber windows—ideal for conservation areas and heritage homes.

Slimline aesthetic

Narrow profiles and clean edges offer a sleek, understated finish suited to both period and contemporary properties.

High energy efficiency

Multi-chambered profiles and optional triple glazing provide excellent insulation and thermal performance.

Low maintenance durability

Unlike timber, VEKA FlushSash won't warp or rot and requires minimal upkeep over time.

Maximum sash sizes

Top hung: 1376mm (w) x 1376mm (h)

Side hung: 776mm (w) x 1526mm (h)

Outer frames

56mm, 70mm and 85mm outer frames
